## DETAILED ACTION

### *Election/Restrictions*

Restriction to one of the following inventions is required under 35 U.S.C. 121:

- I. Claims 1-10, drawn to a multi-layered substrate, classified in class 716, subclass 1.
- II. Claims 11-15, drawn to a multi-layered substrate, classified in class 716, subclass 8.
- III. Claims 16-22, drawn to a multi-layered substrate, classified in class 716, subclass 12.
- IV. Claims 23-26, drawn to a multi-layered substrate, classified in class 716, subclass 13.

The inventions are distinct, each from the other because of the following reasons:

Inventions groups I-IV are related as subcombinations disclosed as usable together in a single combination. The subcombinations are distinct from each other if they are shown to be separately usable. In the instant case, invention Group I has separate utility such as applications in a four-layered substrate. In the instant case, invention Group II has separate utility such as applications in multi-layered substrates aside from a four-layered substrate. In the instant case, invention Group III has separate utility such as prevented signal coupling. In the instant case, invention Group IV has separate utility such as increased layout flexibility. See MPEP § 806.05(d).

Art Unit: 2825

Because these inventions are distinct for the reasons given above and have acquired a separate status in the art as shown by their different classification, restriction for examination purposes as indicated is proper.

A telephone call was made to 26 August 2003 on Belinda Lee to request an oral election to the above restriction requirement, but did not result in an election being made.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Brandon W Bowers whose telephone number is (703)305-4387. The examiner can normally be reached on 8:30 am until 5:00 pm Monday through Friday.
